

Clinton Historical Preservation Commission

Minutes of meeting

June 17th, 2009

Present: Miller, Platt, Leddy, Insel, Wood, McGaheran, Hansen, Baka, Crawford-Jones

Allie has donated some books written by Elizabeth Honness, granddaughter of John Leigh. They were once in the old Grandin Library. She has kept them in a bookstand handcrafted by her grandfather.

We welcomed Richard Miller as our new member.

The new computer doesn't have enough space; Rose will have JWS look at it.

We have \$1600.00 in our budget and intend to spend it.

We revisited subject of the Campanelli print and it's framing costs. Campanelli will want a photo in the Democrat. Dorothea will pursue the acquisition.

Art Dysart will refurbish the big cabinet. He will also give us an estimate on the built-in construction. We will propose this to John Hurley and assure him that Mulligan artifacts will be displayed in it.

Laurie suggests that we all donate an hour or two per month to work on tasks in our space. Rose offerd to create a blank sign-up schedule.

We need a flat file or regular file cabinet. New will be acceptable.

Christie will check into the quality of her scanner which she is willing to donate to the Commission.

One of our tables needs to be measured for a piece of glass to protect it, because we will probably have to put the computer and scanner on it for now.

Ella Haver has donated her Morris chair, once used in the Leigh mansion.

George will drop off all the Ordinance papers for Rose to type.
