Review and approval of previous minutes

Ordinance was handed out and we need to read and review it for next meeting on Dec. 19th. It will be on the 2008 docket. We will meet at 6:30 on the 19th to accommodate our review time needs. Ordinance does not need to be ripped apart; it's basically ready to go.

Treasurer's update- no change from last month-- still \$1773.63

Recognition Committee- Holly will need funds for supplies. She will make arrangements with the tax assessor to be notified when a property changes hands. The Historic District Welcome Package will have Clinton book, stickers and other assorted items.

Funds need to be spent on the archival storage. This will probably come from the town, not this commission's money. Rose will search for an architect's cabinet for flat storage.

Many of us disapprove of the wooden blinds. Christie and Marcia will investigate shades and sheers.

Craig Rogers will be stepping down from his post as Chairman. He will consider staying on in another position.
